Applications should be given to your child's counselor who will notify you if your application is approved.

Applications can be submitted throughout the year, starting August 20.

(If you have students in multiple schools – pick one of the counselors.)

## ***SCHOOL MEAL SUPPLEMENTAL ASSISTANCE PROGRAM 2016/2017***

Dear Parent/Guardian,

T&E Care recognizes that school meals can be difficult for some families to afford on a regular basis. We have a program that can provide a limited subsidy for these expenses for qualifying students.

**This program will provide a minimum of \$30/month for each student during the school year.**

Who will qualify? You must **FIRST** have applied for and been denied participation in the free/reduced program run through the school district before applying for this program. Students will be eligible based on household income. The T&E Care program is set to be a transition for families making just "too much money" to qualify for free/reduced assistance. See income guidelines on application.

How do I apply? You must complete the attached confidential application and give it to a counselor.

Is there a deadline? Applications can be submitted anytime during the school year (after August 20).

How is income confirmed? The head of the household must certify with a signature that he/she is in compliance with the income guidelines described on the application. If you need an exception to these criteria – please contact us at [lunchhelp@tecare.org](mailto:lunchhelp@tecare.org).

How will my child(ren) receive the benefit? A minimum of \$30 will be deposited into each eligible child's point-of-sale account. These deposits will be made during the first week of each month. Unless otherwise discussed with the family, (other than school officials) no one will know that your child(ren) receives this benefit.

Could the monthly benefit be more than \$30? It might. It's anticipated that for the 2016/2017 year the elementary students will get \$30/month, middle school students will get \$40/month, and CHS students will get \$50/month. The amount may vary some, based on the total number of participants and the amount of total funding, but will never be less than \$30/month.

What is the source of funding for this program? Most of the funding is from donations from community members who recognize the importance of healthy meals for all children.

Can the money be used for breakfast or lunch? The money is put into your child's account to use as he/she wishes.

Where should the application be submitted? Applications should be given to your student's counselor, who will notify you if your application is approved. If you have more than one child (and more than one counselor) – just choose any one of the counselors. (One application per household.)

Why must I first apply to the free/reduced school program before applying for the T&E Care program? If you can qualify for the free/reduced program, it offers you better assistance for your child's lunches, plus additional options for assistance for your child at school (dental assistance, field trip waivers, etc.). If you can qualify for that program – it is better for your child(ren).
