## Thanks for support

**W**e would like to thank the many residents of our community who supported Tredyffrin & Easttown (T&E) Care's recent Holiday Wish List drive. Because of the generosity of many community members, we were able to provide holiday cheer for over 40 local families (with 80 kids) who are grateful for the caring support they received. Many boxes of food and cleaning supplies as well as numerous gift cards, toys, books, winter coats, sweaters and household items were sorted, wrapped and delivered to the families. A generous family even donated a minivan to a family who desperately needed a car in order to resume employment. In sending thanks, one mom wrote, "I wanted to just take the time to thank you for coming into our lives. I can see already a new drive and freedom in my mother and I know it is because she feels a sort of comfort and peace that she is being surrounded by people in the community who gen-

uinely care for others."

For those not familiar with our local, nonprofit group helping local families, you can visit our Web site ([www.tecare.org](http://www.tecare.org)) for information and future requests for help, as well as to sign up for our e-mail notification list. Our next event will be on Jan. 31 at The Kitchen Workshop in Paoli. Join us for lunch and help us thank Panera and The Kitchen Workshop for their support and contributions this past year. All attendees are asked to bring a bag of food to donate to REACT, a local food pantry based at Great Valley Baptist Church.

Difficult situations can happen to anyone at any time. Please know that in and around Tredyffrin and Easttown, your generous support is very much appreciated to those in need. Happy holidays to all!

**Sandi Gorman, Laura Pratt  
and the entire T&E Care Board**
